

# 'This is Our Heritage' Anthem

As long as the sun sets in the west and rises in the east

My mind will be at peace

Cause I more than know that

This Land of Calypso, oil and fete

Was created from the sweat

Of those who came before us

And we aint done yet, so

Thank you Fadda, for the inheritance

Thank You Mama, sacrifice and persistence

Thank you Jah Jah

For the riches buried deep

In the soil under we feet

Stand proud and Say!

This is our Heritage

We have to cherish it

This is Our Heritage, Is we own!

This is our Heritage

Is we who will benefit

This is Our Heritage, Is we own!

Oh aye oh... To love up we country  
Oh aye oh... We have to love up we history  
Oh aye oh... We Heritage is we own

Oh aye oh... Hug up somebody  
Oh aye oh... Tell yuh friends and family  
Oh aye oh... Tell them Heritage is we own!

As long as we stand up to the test  
And sow more than we reap  
My mind will be at peace  
Cause I more than know that

This generation will not forget  
To maximise the assets  
Of those who came before us...  
...for those who ain't come yet! So

Thank you Fadda, for the inheritance  
Thank You Mama, sacrifice and persistence

Thank you Jah Jah  
For the riches buried deep  
For the soil under we feet  
Stand proud and say!

This is our Heritage  
We have to cherish it  
This is Our Heritage, Is we own!

This is our Heritage  
Is we who will benefit  
This is Our Heritage, Is we own!

Oh aye oh... To love up we country  
Oh aye oh... We have to love up we history  
Oh aye oh... We Heritage is we own

Oh aye oh... Hug up somebody  
Oh aye oh... Call yuh friends and family  
Oh aye oh... Tell them Heritage is we own!

***(Tabla and Steel Pan Rhythms playing)***

Oh aye oh... The steel drum, the oil drum  
Oh aye oh... At the very core of our being  
Oh aye oh... Sustaining the present and powering the future  
Oh aye oh... This is Our Heritage.

This is our Heritage  
We have to cherish it  
This is Our Heritage, Is we own!

This is our Heritage  
Is we who will benefit  
This is Our Heritage, Is we own!
